

## Remarks

In accordance with 37 C.F.R. § 1.312, the undersigned respectfully requests entry of the present amendment to claims 1 and 4 to correct formal matters. In the Office Action filed January 29, 2009, the first instance of the term "radiation detection means" was changed to "radiation detection device". Later instances of such term, however, were inadvertently not changed. The amendment to claims 1 and 4 correct this oversight.

The Examiner's assistance in connection with this application and the allowance thereof is greatly appreciated. These amendments are not believed to introduce any new matter or raise any new issues that would require substantive consideration. Entry of these amendments is respectfully requested.

Respectfully submitted,

RENNER, OTTO, BOISSELLE & SKLAR, LLP
